Continuous line with rollers

Specifications	
Batch transfer	With rollers
Capacity	900Kg / h
Useful dimensions, LxWxH	860x1180x500
Working Temperature	max 1000°C
Heating	electrical
Heating elements type	heaters type bayonet
Installed power	
Total	~ 1300 kW
Heating for Hardening	480 kW
Heating for Tempering	460 kW
Oil bath volume	~ 10 m^3
Water bath volume	~ 10 m^3
Temperature control	with Siemens S7-1500
Supply voltage	3x400VAc
